REACH Compliance Statement

Date: February 17, 2026

Analytical Components International is committed to the protection of the environment during the course of its business activities, including compliance with all applicable environmental regulations. Accordingly, this declaration is to certify that all products that are manufactured by Analytical Components International are in compliance with the requirements of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals: REACH Regulation ((EC) No 1907/2006). Specifically, all Analytical Components International Products manufactured do not contain the substances listed in the following sections of this directive:

Analytical Components International products do not contain any of the 253 entries listed on the most recent Substance of Very High Concern (SVHC) as defined in Article 57 and Annex XIV and Article 67 Annex XVII with amendments dated Feb. 4, 2026

Analytical Components International is committed to providing our customers with information regarding substances of concern in our products. We continue to work with our suppliers to ensure that all preregistration requirements are met, and they remain in full compliance with current and future REACH requirements.
