RoHS Certificate of Compliance

Date: May 28, 2023

Analytical Components International is committed to the protection of the environment in the course of its business activities including compliance with all applicable environmental regulations. Accordingly, this declaration is to certify that all products that are manufactured by Analytical Components International and all associated packaging are fully compliant with the requirements of the European Parliament and of the Council of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment; RoHS2 Directive (2011/65/EU) and RoHS 10 (also known as RoHS3) Directive 2015/863 with no exemption. In addition, this declaration of conformity is issued under the sole responsibility of Analytical Components International. Specifically, products manufactured by Analytical Components International do not constitute Electrical or Electronic Equipment as defined by the Directive and do not contain the substances listed in the table below in concentrations greater than the listed maximum value.

Material / Substance	Threshold Level
